Change History

February 15, 2005	Version 1.0	Initial document release
-------------------	-------------	--------------------------

1 Introduction

Nokia 7710 Theme Studio for Symbian OS (later referred to as Theme Studio) is a tool for creating themes for the Nokia 7710 smartphone. This document explains how to install and uninstall Theme Studio.

1.1 System Requirements

Basic Requirements:

- Microsoft Windows 2000 SP4 or Microsoft Windows XP SP2
- 800 MHz Pentium processor or faster
- 256 MB RAM recommended
- 500 MB disk space
- Display supporting 32-bit color with a minimum of 1024 x 768 resolution

Additional Requirements:

- Nokia 7710 SDK for Symbian OS
- A graphical editor

1.2 Compatibility Issues

- Theme packages created with Theme Studio are only compatible with the Nokia 7710 smartphone and SDK.
- A graphical editor that supports PSD files is recommended in order to use the layer information.

2 Installation

This section describes the steps necessary to install and uninstall Theme Studio.

2.1 Installing Nokia 7710 Theme Studio

To install the application:

- 1. Quit all programs.
- Double-click on the Nokia_7710_Theme_Studio_Setup.exe file. The "Welcome" dialog shown in Figure 2-1 is displayed.
- 3. Click the **Next** button to continue.

Figure 2-1 "Welcome" dialog

4. Read the End User License Agreement. If you agree with the terms, select the "I accept the terms of the license agreement" option as shown in Figure 2-2. Click the **Next** button to continue.

License Agreement Please read the following license agreement carefully.		
NOKIA CORPORATION END-USER SOFTWARE AGREEMENT This Software Agreement ("Agreement") is between You (either an individual or an entity), the End User, and Nokia Corporation ("Nokia"). The Agreement authorizes You to use the Software specified in Clause 1 below, which may be stored on a CD-ROM, sent to You by electronic mail, or downloaded from Nokia's Web pages or Servers or from other sources under the terms and conditions set forth below. This is an agreement on end-user rights and not an agreement for sale. Nokia continues to own the copy of the Software and the physical media contained in the sales package and any other copy that You are authorized to make pursuant to this Agreement. Read this Agreement carefully before installing, downloading, or using the Software. By

Theme Studio is now successfully installed.

2.2 Uninstalling Nokia 7710 Theme Studio

To uninstall the application:

- 1. Quit all programs that are running, including Theme Studio.
- 2. Start the removal program by doing any one of the following:
 - a. From the Windows Control Panel, double-click on the "Add/Remove Programs" icon.
 - Find the entry "Nokia 7710 Theme Studio for Symbian OS" and click the Change/Remove button
 - b. Double-click on the "Nokia_7710_Theme_Studio_Setup.exe" icon.
- 3. Click the Next button.
- 4. As shown in Figure 2-9, you are asked whether to completely remove the selected application and all of its components. Click the **Yes** button.
